**Oaktree is  
1-year-old!**

**Our student  
number has  
increased to  
60, coming  
twice/ week  
in average**

## Oaktree's latest development

The primary objective for Zhong Lao Shi to establish Oaktree is to provide a Mandarin-only and loving environment for our students so that they enjoy going to school and thus will learn the language actively. As an enthusiastic educator, Zhong Lao Shi emphasizes much on quality of education and pays attention to the needs of students. This is our mission, also our future direction. We want to focus on teaching and provide the best education to our students. Therefore, we do minimal advertisement. You may not see our Ads on magazines, but we updates our facebook page regularly ([www.facebook.com/OaktreeEducation](http://www.facebook.com/OaktreeEducation)) and our website will be ready in mid June.

*Education is not the filling of a pail, but lighting of a fire – William Yeats*

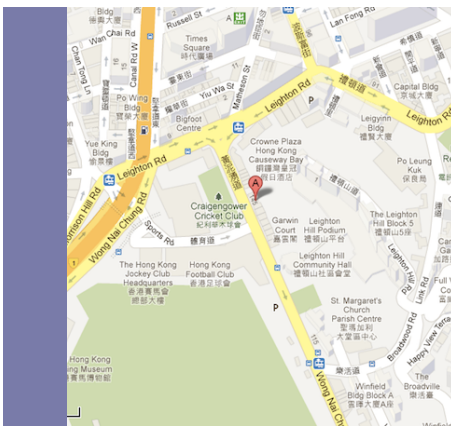

What we teach is not only the knowledge, but also the positive attitudes, passion to learn and explore new things, to become great individuals.

We know all parents wish to get more involved in the learning process of your children, yet, your jobs and busy schedules have made this task challenging. Thanks for sending your children to Oaktree, we will do our best to ensure they receive great education here, not only Mandarin, but also positive attitudes, passion to learn and become great individuals – being considerate, caring and respectful.

Thanks to the support of all parents and your referrals, our students' number has been growing since Oaktree was established last year, and we have more than 60 students to-date. To provide a better learning environment to our students, we are

moving to a nicer neighborhood in Wong Nei Chung Road, Happy Valley in late Jun. The new center consists of 2 classrooms (1 big and 1 small), private toilets and a pantry. We are very excited about this new location as it means that we will be based in Happy Valley in the long run and provide Mandarin education to students on the island. Please feel free to pay a visit and let your friends know about our news.

Our summer program will be conducted in this new location. We have received quite a number of registrations already and classes are filling up quick, Please enrol before Jun 3 to enjoy the early-bird discount!

**New address:**

**Shop 1A, 151-153 Wong Nei Chung Road, Happy Valley  
(Right opposite to CCC and FC)**
